

Child Identification / Awareness

Child Find Services of Sentinel Public School is seeking information concerning handicapped children who might be eligible for educational services from the public school and vocational-technical education program.

The Bureau of Education for the Handicapped has mandated that the public education facilities will be responsible for education of all handicapped children aged 0–21 regardless of their handicapping condition.

The State Department of Education has approved regulations to meet minimum guidelines to implement such services. Sentinel Public School is asking for everyone's help in locating all unserved handicapped children. It is the responsibility of each local school district to locate and refer all handicapped children who are not receiving education services from the public school system.

To refer a child with a suspected handicap, please call 580-393-2101 for information and programming available for handicapped students.
